In order to achieve the Scholars Diploma, a student may have a maximum of four semesters of Studyhall throughout high school. This will allow fulfillment of the minimum 26 required credits. The College Preparatory Diploma allows for a full year of studyhall each year.

Each student must take Science, Mathematics, History, and English. In addition, Biblical Ethics must be taken if it was not taken during the Sophomore year. The remainder of the schedule may be filled with a World Language or Electives.

Any special circumstances which require a deviation from the prescribed schedule should be discussed during the student's scheduling appointment.
